What our Moose Home is doing

Keeping members as safe as possible from Covid

Our Goal is do everything, to the best of our ability, to protect all of us.

Zetha and her relief bartenders thoroughly wipe down our social quarters with bleach solution after closing each night.

We have two cleaning crews that come in our lodge home weekly to clean and sanitize everything. Using two different crews each week, we feel there is less of a chance of missing something.

Our Lodge is thoroughly misted with a commercial grade antibacterial each week.

There is hand sanitizer and masks at our Moose Home entrance for your convenience.

We are doing our part to help stop the spread of Covid 19 virus; we need you to do your part.

We love seeing you at our lodge home, however if you feel ill or "out of sorts", please stay home until you feel better.

This will make a BIG impact to help stop the spread of this deadly disease.

Looking forward to seeing everyone at the top of their game!

We are doing our part to help stop the spread of Covid 19 virus.

An “aha” moment

Do you remember a time where a single event changed your outlook on what we do as members of The Moose?

I had the opportunity to visit Moosehaven last month. It was my first time and, although I had heard all about it, I really did not know what to expect.

Unfortunately, I didn't get to “experience” Moosehaven as I would like to have due to Covid restrictions that limited access to buildings and the residents within them. What I thought I was going to experience was cut short, or so I thought.

When the meeting I attended was over I met up with one of the residents of Brandon Place.

She showed me her beautiful home and we talked about the many residents, including the WOTM Grand Chancellor and other dignitaries, that live on the Moosehaven campus.

I made my gift shop purchases she had acquired for me and met up with a Centennial Hall resident who had the Angel Pins that were on my “must buy” list.

It was a quick encounter but I was able to glance a few peeks into the dining room and the hall where the tree is so prominently displayed on the wall.

There were a few residents strolling about the hall, all with smiling faces and welcoming me to their home.

We left as quickly as we came and I went back to my room to get ready to return to the campus for dinner.

The food was delicious and I remember thinking how blessed the residents were to

have such a fantastic chef, cooks and servers on site.

As I left for the night I came across a resident who had just rolled out on her new bicycle. It was through our talk where it all really hit me.

You see, she had had a regular bicycle before she injured her knee and could no longer use it due to having to manually use the pedals.

But that night she was showing off her new motorized bicycle that enabled her to move freely around the campus.

She was so appreciative of having the bike and thanked me over and over again for all that we do for the residents at Moosehaven.

Without us she would not be able to maneuver around and enjoy the full range of programs and services that are offered on the campus.

It was at that moment that it all came together for me.

I started to think about all the things Moose does to provide a place for our seniors to retire after serving our fraternity and communities, and about how the commitment made from members of the Women of the Moose enhances the lives of the seniors in our care.

Breakfast the next day really sealed the deal as my new Moosehaven friends shared with me how transitioning to life at Moosehaven changes their perspective on things.

They truly feel young again and are enjoying all that life has to offer. And, it is all because of the Moose fraternity.

Moose Proud.

**It is all
because
of the
Moose
fraternity.**
